Subject: Providers May Resume Using Web Portal to Submit Paid Claim Adjustments	Priority: High
Date: December 31, 2003	Message ID: ACSBNR-12312003-1

Dear Provider:

Providers may resume submitting adjustments against paid claims using the GHP Web Portal.

Beginning Monday, December 29, 2003, providers were temporarily unable to submit adjustments against paid claims using the GHP Web Portal. This temporary restriction in functionality, which has now been lifted, was required due to system file maintenance activities.
